

FALSE HOPE HELD OUT  
TO PURCHASERS OF LAND

Railroad Tracks Will Not Be Allowed  
to Remain Permanently on Streets  
South of Florida Avenue.

Tyler & Rutherford, real estate agents, recently advised the District Commissioners that in negotiating for the sale of some land south of Florida Avenue, near Delaware Avenue, but not adjacent thereto, the hope had been held out to their client that the Commissioners will grant the privilege of extending Baltimore and Ohio Railroad sidetracks over this ground until the completion of the

new Union Station, and thereafter it will not be difficult to obtain permission to have the tracks remain there permanently. In view of the fact that such sidetracks would have to cross one of the city streets, one block from Delaware Avenue, Tyler & Rutherford believed this position inaccurate, and requested information from the Commissioners. Colonel Biddle, Engineer Commissioner, in answer to the communication says the Commissioners have only authority to grant permission for such sidetracks as may be necessary in order to enable the railroad company to complete promptly the work of reconstruction directed by Congress. Colonel Biddle further says that an permanent occupation of the streets by tracks would have to be directly authorized by Congress, and it does not seem at all probable that the crossing of the streets south of Florida Avenue would be so authorized, for the reason that it would be at complete variance with the policy of getting rid of grade crossings and having few or no freight cars south of Florida Avenue. Tyler & Rutherford will be so informed.

LAKES FROZEN OVER  
AND SNOW A FOOT HIGH

There Is No Mistake About Its Being Winter in the Adirondacks. UTICA, N. Y., Nov. 21.—Reports from the north indicate that the grasp of winter has been felt rather severely throughout the Adirondacks. There is good sleighing in many places, and some of the lakes are covered with ice. This is notably true of Lake Placid and Upper and Lower Saranac Lakes. There is from eight to twelve inches of snow, and the ice is said to be thick enough to stand a pretty long period of warm weather. It is believed by many that the lakes will not break up again this season. Throughout a considerable portion of Jefferson county and the northern part of Lewis county there is excellent sleighing.

RICH WIDOW, DESERTED,  
SLEPT IN LOCK-UP

Came East From Nebraska Home to Marry Smooth Talker. PITTSBURG, Nov. 21.—Mrs. Lawrence Stephenson, fifty years old, a wealthy widow from Beatrice, Neb., is stranded here and had to stop in the police station last night. James Rodgers, a faithless man, who was to have married Mrs. Stephenson, has disappeared with all her available cash, about \$1,000. He was forty-eight years old, a good talker, and said he owned mines in California. He wrote her to come here from Nebraska and they would be married, while he purchased machinery for his mines. He arrived yesterday, a day late, was in

BRIDAL PAIR TRAVELS  
JOINED BY HANDCUFFS

Floyd Rose, Pittsburg Steel Man, Unable to Leave New Wife. CLEVELAND, Ohio, Nov. 21.—Floyd Rose, a prominent steel man of Pittsburg, and his bride arrived today in Cleveland from Cincinnati handcuffed together. Just as they were departing for the train after the wedding at Cincinnati four men rushed to the cab and put on the handcuffs. They gave Mr. Floyd a file so that he might amuse himself en route trying to cut the chain. They told him the key had been mailed to the hotel at Cleveland where they intended to stop. The pair found the key here and were separated after a decidedly close union of six hours. The bride was Gertrude Steadman, of Cincinnati.

TALK OF STEEL COMBINE.

HALIFAX, N. S., Nov. 21.—The reported resignation of Graham Fraser, vice president and managing director of the Nova Scotia Steel and Coal Company, to accept a similar position with the Dominion Iron and Steel Company, has given rise to a rumor of the amalgamation of these two steel-making concerns.

LIMITATIONS OF CRITICISM.

MILWAUKEE, Nov. 21.—Judge Halsey, of the superior court, today decided that a newspaper has the right to criticize the work of an artist so long as it does not personally attack the artist himself.

Contest Begins Monday, November 23, 1903, and Closes at  
6 P. M. Wednesday, December 23, 1903.
